Poplar Bluff Chamber of Commerce

Poplar Bluffs, Mo., Chamber of Commerce—President, Guy Case; Cashier, Charles Meeks; Vice-President, Tate Gillis, S. E. Mo. Tel. Co.; Treasurer, P. C. Hays, Cashier, State Bank; Secretary, Haskell S. Bloodworth.

Location—Poplar Bluff is the county seat of Butler County, located on Black River, an Ozark Mountains Spring fed stream, under government supervision as a navigable stream from Poplar Bluff south. At this point the Ozarks hills blend into the rich alluvial plains. The Big Springs, Greer Springs, and Mouth Springs, near Poplar Bluff are Ozark hills blend into the rich alluvial plains. The Big Springs, Greer Springs, and Mouth Springs, near Poplar Bluff are Ozark hills blend into the rich alluvial plains.

Railroads—Located on the main line of the Missouri Pacific Railroad between St. Louis, Missouri and El Paso, Texas, with branch lines of the Missouri Pacific lines to Cairo, Illinois, and to Memphis, Tenn. The city is also on the Frisco line between Cape Girardeau, Missouri, and Hoxie, Arkansas, with branch lines of the Frisco to Kennett, Missouri. This network contacts with two main lines of the Frisco Railroad at points 60 miles on other side of Poplar Bluff. Twenty-four passenger trains enter and leave Poplar Bluff daily.

Highways—Located at the intersection of two Federal trans-continental highways U. S. Highway 60 and U. S. Highway 67. United States Highway 60 from the Atlantic Coast through Washington D. C., passes through Poplar Bluff and continues to the Pacific Coast. United States Highway 67 intersects Highway 60 at Poplar Bluff, running from the Great Lakes at Chicago to the Gulf of Mexico. Three other State

two wholesale bakeries, two wholesale poultry and produce distributors. Among the retail stores, we have Montgomery Ward, J. C. Penny Co., Woolworth, Newberry and Kroger, in addition to various other large enterprise independent merchants. Poplar Bluff has recently completed a new court house at a cost of $350,000.00.

Farming—The rich alluvial plains south and east of Poplar Bluff are becoming leading agricultural lands of the Mississippi Valley. All of the principal crops of the Temperate Zone are being produced in our farming sections.

Housing Facilities—The housing facilities at Poplar Bluff are ample to take care of any demands up to 500 additional families. Rents have always been reasonable at Poplar Bluff and at the present time are far below the average for a city of this size. Modern five room cottages rent as low as $20.00 per month. The city is served by ample sewerage systems, electric power, natural gas and an abundance of pure water.

Health Conditions—Poplar Bluff is located on gently rolling hills on the eastern slope of the Ozarks, which shelter it from the rigors of winter. The topography of the city insures first class drainage. The average mean temperature is 58 degrees F. The city has a modern, municipally owned filtration plant, supplying adequate supply of pure water.

Social and Educational—Poplar Bluff has a modern public school system with a fully accredited High School course, all new and modern buildings and maintained at a high standard, and a Catholic school. It has a Business College meeting the requirements of a large territory. All of the important religious denominations, except the Jewish, maintain churches. Three new fully equipped hospitals and also a small Osteopathic hospital, are operated at Poplar Bluff. In fact, Poplar Bluff is the Hospital and Medical center for southeast Missouri and a large area of Northeast Arkansas. The major fraternal institutions maintain active organizations in Poplar Bluff and a number of Ladies' Clubs are active in Poplar Bluff Social and Educational Welfare. Public Library of 15,000 volumes. One modernly equipped daily afternoon newspaper serving intensively seven counties.

National Guard Unit fully equipped and of high standing.

Building Costs—Building costs are unusually low compared to building costs in other cities, due to the fact of an abundance of natural resources of fine gravel, sand and timber, and with the stone quarries not far from southeast Missouri. One of the largest cement plants is within 70 miles of Poplar Bluff. An abundance of both skilled and unskilled labor. Poplar Bluff has never experienced any labor trouble of any kind.

Special Information—Especially for manufacturers—Write to Secretary Poplar Bluff Chamber of Commerce, Poplar Bluff, Mo.

The above text is a directory of various businesses and individuals in a town. It lists names, addresses, and phone numbers of people and businesses in Missouri. The directory is formatted in a traditional book-like style with multiple columns and sections. The text contains various types of entries, including businesses, individuals, and their respective information such as occupations, addresses, and phone numbers. The directory is organized alphabetically by name, and each entry provides a glimpse into the community's structure and services available at the time. This type of directory was common in the early to mid-20th century, providing a snapshot of local commerce and social connections. The text is set in a standard typewriter font, typical of typewritten directories from the era, with clear formatting to aid in quick reference and navigation.

### REASONS

**Why You Should Advertise In the City Directory**

- It is in constant use longer than any other publication.
- It is consulted by more people than any other publication.
- It contains all the information concerning the city and its people.
- It is recognized as a standard medium the world over.
- It is used by the largest and most successful firms and their example is a good one to follow.
- Its cost is insignificant.
- It pays others, it will pay you.
- It reaches all the people all the time.
- It is a credit and a boost to the community and everyone is interested and represented in it.
